COMMENDATION — Lt. William Clements awards Sheriff's commendation to Deputy James Moulton for bravery. Looking on, from left, are Joseph Manno, citizen who came to

aid of Moulton during stickup; Moulton, Clements, and Lt. William Dovey.

Deputy Cited for Bravery in Stickup-Slaying Near Freeway

A sheriff's department commendation for bravery was given to a young deputy last week.

The award was made to Deputy James E. Moulton, but he had received a welcome assist from an equally brave citizen—Joseph Manno, a passerby motorist of Pacific Beach. Deputy Moulton had stopped

transient-hitchhikers. One of the men pulled a revolver from the waistband of his trousers, took the officer's gun, and forced him into the back seat of the patrol car.

Joseph Manno, driving past, continued to the Broadway-Campo filling station where he dropped his wife and two sons, removed a shotgun from

of the patrol car. When the armed man failed to rise, Moulton subdued the second suspect who was found to be armed also.

The La Mesa Police Department responded to the call and aided in taking the second suspect into custody. The armed man was killed by Deputy Moulton's bullet.

Both Lts. Clements and Dovey praised Manno for his aid. Manno served as an MP during the Korean War but never faced a gun until he came to Deputy Moulton's aid.

Deputy Moulton has been a deputy for 2½ years. Dead was James Ellwood Evans, a 21-year old transient. East County peace officers feel they have a mighty fine friend in Manno.

Steve Veliquette Day

It's a grand thing they're doing for Steve Veliquette.

Steve is the six-year old leukemia victim, son of Mr. and Mrs. Jean Veliquette of 2895 Orange Pl., Lemon Grove.

Without the miraculous work of the family doctor, Steve might have died two years ago when it was discovered he had the disease.

Because the doctor has been doing the work without charge, and because his effort has been so fruitful, a group of local citizens have organized a "Steve Veliquette Day" Saturday at the Miniature Golf Course at School Ln. and Central.

Proceeds for the Day will be used for whatever purpose the doctor sees as necessary in hope that the breakthrough for a cure of the disease might come during the day and time of little Stevie.

Steve's father is a clerk in the Lemon Grove Post Office but he maintains at least one other job to meet expenses connected with the illness. Steve's sister, a Mt. Miguel High School student, teaches baton twirling to help defray laboratory and medication charges.

A group headed by the Rev. Jimmy Johnson, assistant pastor of the Skyline Wesleyan Methodist church, devised a project. Rev. Jimmy got the Lemon Grove Kiwanis Club to sponsor the project and asked the U.S. National Bank to administer the funds.

The project is simple enough. Len Farness agreed to provide his miniature golf course at Central and School Ln. free of charge Saturday. He also offered to give all income from other games and from food that day. A soft drink manufacturer agreed to give soft drinks free to attract a bigger turnout.

Every half hour a prize will be awarded. There'll be prizes for golf scores and door prize drawings. Free tickets are being distributed by students of the Lemon Grove School District and Mt. Miguel Key Club.

Of course there's a catch to it. There will be containers placed at strategic spots at the golf course so that anyone wishing to contribute to the Steve Veliquette Fund may do so.

A long list of local merchants contributed prizes to be awarded Saturday. An even longer list of persons made contribution by depositing their gifts with Bob Dryden at the U.S. National Bank.

Until now, leukemia has been regarded as terminal. Perhaps it still is. Because of Steve's response to his doctor's treatment, many persons believe that a breakthrough is near.

If it doesn't materialize, the youngster will know, from his lofty perch, that many people cared enough to make the attempt possible.

It is gathered, prepared and printed by Fern and Forrest Miles. The Miles have produced similar features in other parts of the nation for years.

This week's edition of Who's Who, as with the others, is

They do this as independent contractors. The newspaper acts as the disseminator for the feature.

Fern and Forrest Miles enjoy a fine reputation among newspaper publishers. We publish this information so that local firms may have a better acquaintanceship with them.

No Ditch Aid Seen For Brooksidians

SAN DIEGO (CNA) — Mrs. Diane Klostermeier, moving spirit of the Brookside Mother's Club, lost another round with the Board of Supervisors last week. They took no action on her request that the county improve drainage conditions in the Brookside

drainage channel. She "demanded" the board recognize its responsibilities in order to protect Brookside residents from possible flood damage, but her demand made little impression on the board members. They have heard from Mrs. Klostermeier many times and do not appear ready

to invest any substantial amount of county money to improve the channel condition in Brookside.

The supervisor for the district, Henry A. Boney, said the board at one time offered to put up \$70,000 of the \$140,000 that the engineering estimates and do not appear ready

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Matthew 18:10-14

I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth. (Luke 15:10)

For manufactured products, as well as natural ones, there are laws and adopted customs which require them to meet certain standards. Products that do not qualify are known as substandards and as such can never be classified as first quality.

It is not so in the spiritual realm of life. Christ often said that He came to redeem man, who had fallen from grace because of his disobedience. He was so concerned over the sin of man, and placed such a supreme value on each life, that He gave His own life to redeem man.

Thanks be to God, the spiritually substandard life can through Jesus Christ gain the spiritual quality God intends for him. The condition is that the unredeemed person realize and confess his imperfections. Then he needs to strive daily to live by the principles of life as taught and exemplified by our Lord and Savior Jesus Christ.

Prayer: Our heavenly Father, we thank Thee for Thy matchless love toward us. We are grateful for Thy marvelous plan for the redemption of all who seek to live like Jesus. In His name. Amen.

Thought for the day: By yielding our substandard lives to God, we can become perfect in His love.

ACS Christmas Cards Available

A reproduction of Decker's painting, "Night Scene of a Big City," is available for use as six by eight inch Christmas cards by persons or businesses interested in the fight against cancer. This announcement was made by Dr. H. P. Grosebeck, Jr., president of the San Diego County Branch, American Cancer Society.

"Samples of the attractive art-card are on display at the San Diego County Branch office, 1405 Fifth Ave.," he added.

"The American Cancer Society card was developed," Grosebeck explained, "for businesses or individuals who want to donate money to a worthy cause rather than invest large sums in elaborate gifts for clients or customers."

"We don't sell cards," he emphasized. "Instead, the firm or individual wishing to use them makes a contribution to the Society's programs of research, education and service to cancer patients. Each card carries an unobtrusive inscription to that effect."

For further information about the American Cancer Society's Christmas card program, interested persons are invited to call 234-8481, according to Grosebeck.

Christmas Postal Tips Given

Postmaster F. R. Faucher reminded Lemon Grove residents today that there are only 23 days left to mail before Christmas.

"While that may seem like a long time to most people, it is frighteningly short to those of us in the Postal Service," he said.

Postmaster General Lawrence O'Brien has predicted that well over eight billion pieces of mail must be delivered between now and Christmas Eve, a new record.

"We are asking everyone to start thinking about their Christmas shopping and mailing now. If all the holiday mail were to hit the postal system at one time, it is obvious that we'd have difficulty delivering every piece on time," Faucher said.

"The Lemon Grove Post Office expects to handle over one million pieces of mail during the holiday rush, the postmaster said.

"Mailing early and spreading the flow out along the entire pre-Christmas season is the key to better mail service at this time of the year. Last year the public cooperation was tremendous, according to Faucher. Virtually every piece of holiday mail was delivered before Christmas day.

"This year with increased volume because of the continuing strength of the economy, we are hoping to see that fine cooperative spirit again.

Postmaster F. R. Faucher offered these mailing tips: return address on the envelope.

Use ZIP codes on all mail. If there are some ZIP codes that you still need for your mailing list come to the Post Office and look them up in our ZIP Code directory or give us a call. ZIP CODES are more important than ever this year. Prepare your gift list right away. The earlier you do your shopping the better chance you have to get exactly what you want while the stores are still full of merchandise. That way, you can mail earlier too.

Be sure to have enough boxes, tape, string and wrapping paper on hand. Wrap your packages well. Include sufficient padding. Remember that your parcel may be clipped in a mail sack with a set of encyclopedia riding on top.

Include a card or piece of paper inside the package with your name and address and that of the person you are sending the parcel to in case the wrapping should be loose and come off. That way you can be assured your gift will not wind up in the dead letter office. Also insert a list of the packages contents.

Address your gifts and greeting cards clearly so that postal workers will have no difficulty in reading the destination.

Use First Class postage on greeting cards. This assures their being forwarded if the recipient has moved. Cards that are undeliverable will be returned when you include a return address on the envelope.

I don't read *Izvestia*, the Russian newspaper, but an article from it was passed on to me. A Russian gentleman who had lived in the U.S. for 30 years wrote that one thing he considered remarkable about our country was the courtesy and efficiency of women who answer phones in business firms. In Russia, he said, rudeness was the order of the day. Three cheers for our ladies of American business. And, I'd like to add, for all our courteous telephone users in Lemon Grove and Spring Valley.

If your decorating dream is to use the antique phone you found in Great Aunt Agatha's attic or the one you found in a local store, the chances are we can hook it up and make it talk for you. We've designed standard operating parts which can be put in many of these decorator phones to assure you good telephone service. Just contact

the Business Office. We'll check your phone and, if the standard parts will fit without modification, will install the parts and hook it up. There's a one-time charge of \$10, but no extra monthly charge for the decorator phone—only the normal installation and monthly charge for main and extension service.

If the standard parts do not fit your phone, we'll modify it, install the parts and hook it up. In this case, the one-time charge is \$25. Although you own and maintain the exterior housing of your decorator phone, we'll continue to maintain the internal telephone parts just as we do with our regular telephones. We have given the dimensions of our standard parts to some manufacturers of "antique" and other decorator phones to help them make phones in which our standard parts will readily fit.

Contests to Aid Steve Veliquette In Saturday Project

Brookside Ditch—(continued)

mate said it would cost to re-channel and fence the drainage ditch that runs through the center of the subdivision.

No Responsibility
County officials freely admit that subdivision standards were far laxer when Brookside was developed. They do not admit a responsibility by the present county government to use general funds to completely correct the situation.

Supervisor Robert Cozens said the county is already doing more in channel silt clearance in Brookside than it is doing in other sections of the county.

Such statements, however, do not satisfy Mrs. Klostermeier. She wants a hearing at which the attorney for the club can be present, but this was denied by the board. They told the woman that they would attempt to answer the written questions the attorney poses.

Mrs. Klostermeier claims that recent developments north of Brookside have added materially to the runoff of rain water. She also says that the health department has not run adequate pollution tests.

Monies Asked
Supervisor Robert Dent asked her if the people were willing to "participate with the county in a project for permanent improvements with financial contribution.

Mrs. Klostermeier said that 95 per cent of the water flowing through Brookside does not come from there.

Chairman De Grass Austin repeated several times the same thing he has told Mrs. Klostermeier before, that the "buyer must beware." As she had already referred to that phrase, Austin's remarks were, however well taken, lost as an influence on the woman.

The problem resolves down to this:
The section has a real problem with local drainage. The county had lax rules at the time the subdivision was built. People have bought property in the subdivision, and, most likely, are not the original owners and could buy without the flooding of the main channel being apparent.

The board will not authorize the expenditure of the amount of money to cure the situation and, apparently, neither will the property owners.

The Lemon Grove Key Club, a youth element of the Kiwanis Club, started distributing numbered tickets this week for Steve Veliquette Day Saturday.

More than 7,000 numbered free tickets, each good for entering contests at Len's Miniature Golf Course, are being distributed by the group.

Those who do not have tickets may get them without charge at the golf course. The Rev. Jimmy Johnson, assistant pastor of the Skyline Wesleyan Methodist Church and chairman of Steve Veliquette Day, said that contests would be held every half hour Saturday starting at 9 a.m. at the miniature golf course at School Ln. and Central.

Steve Veliquette is the six-year old son of Mr. and Mrs. Jean Veliquette, of 2895 Orange, Lemon Grove. Steve has leukemia. Proceeds from the Day will be used for whatever purposes his doctor sees fit to help keep the boy alive and active.

A miracle of a sort has already been achieved by his

doctor. Steve has suffered from the disease for more than two years — much longer than it was first anticipated he could survive.

To help meet expenses related to having an ill child in the family, Steve's father has worked two jobs. He is regularly employed as a clerk in the Lemon Grove Post Office. He works nights as a filling station attendant.

Jimmy's sister, Jeanne Lou, a Mt. Miguel High School student, gives baton twirling lessons to add to the care-and-keep fund for Steve.

The Steve Veliquette Day project is sponsored by the Lemon Grove Kiwanis Club and local business firms are giving it a hand. Many prizes, such as radios, gift certificates, merchandise orders and cash prizes will go as door prizes Saturday.

Some persons contributed to the fund through the U.S. National Bank where the money is being held by Manager Bob Dryden. This week the following contributors swelled the fund to \$376.

Key Club	50
Anonymous	10

Bob Helquet	10
Lee Nemechek	5

Contributions are still being accepted at the bank and Steve Veliquette Day is nearly ready at the golf course. Activity at the course will be continuous Saturday from 10 a.m. to 6 p.m.

Key Club members will work at the golf course to help the contests run off smoothly. There will be no charge for anything Saturday, they said. Even soft drinks will be free.

However, several receptacles will be available for all contestants in hope that each will want to make a contribution to the fund.

And who do you suppose is as excited about the project as anyone?

Certainly! Little Stevie, himself.

Paul Taylor Dance Co. Appears at GC Tonight

Grossmont College will present the Paul Taylor Dance Company at 8:30 p.m. tonight in the college gymnasium.

Considered by many modern dance students throughout the world to be one of the finest modern dance groups performing today, the Paul Taylor dancers have just completed their eleventh foreign tour since 1960.

Paul Taylor was a member of the Martha Graham Company for six years, appearing with them on Broadway and their tour of the Orient. Paul Taylor has also appeared with the companies of Pierce Cunningham, Pearl Lang, and Anna Sokolow and has danced in several Broadway productions. A guest with the New York City Ballet, he danced in George Balanchine's "Episodes." In 1960, Taylor formed his present company.

Taylor will perform his latest work entitled "Orbs" at Grossmont College. The hour-long "Orbs" is set to Beethoven's "Last Quartets." The American premier of this major work was at the Harper.

About the only thing that was certain was that the board will hear more from Mrs. Klostermeier and her friends.

Home Decorating—

(continued)

Monday afternoon the "t.p." came down. "The house looked empty without the toilet paper," remarked Peggy.

Mrs. Abbott said she was glad to let the girls use the house. "I think it's best for them to get their energy out this way rather than being destructive outside. And they conducted themselves real well—and they cleaned up the mess," she said.

Mrs. Stewart, who authorized the whole thing, said she wasn't worried about Mrs. Abbott taking it the wrong way. "We have lived next door to each other for eleven years and we haven't thrown a dish rag at each other yet."

"Aurora" Brand
Judy said the toilet paper, which was collected from friends and relatives, included the brand "Aurora," which is Mrs. Abbott's first name.

Judy, 13, attends Palm Junior High. The other girls are all 14 years old and are freshmen at Mount Miguel High School.

The girls said they would like the public to know they are available for "inside" jobs. "All you supply is the house, toilet paper, tape, food and cokes. And leave the job to us," relates Terri.

Mrs. Abbott can tell you they're reliable.

Carlsbad Visits Here as Monarchs Seek First Basketball Victory

by Bob Wasilewski

Monte Vista's Monarchs lost their second straight non-league basketball contest Tuesday as Mission Bay's Buccaneers' court.

Steve Arter canned four shots in the final period to pace the Bucs' win. He finished with 14 points to top his team in individual scoring.

Bob McKenna potted 10 for the victors.

Forward Brent Finney led Monte Vista with 19. Rich Lindy scored 14 and Landis 10. Quarter scores were 13-13, 22-23, 35-34 and the final total.

Nov. 23 the Monarchs opened the 1966-67 season by losing to Chula Vista, 63-35, at home.

Aztecs Resume Practice

The San Diego State Aztecs, who completed an undefeated season last Saturday night with a 39-12 romp over Los Angeles State, will resume practice today in preparation for a Dec. 10 engagement against Montana State in the Camelia Bowl.

San Diego State won the national small college polls' top ranking this year after sweeping ten straight contests, including a 25-0 victory over major college power San Jose State and a 36-0 whipping of North Dakota State, 1965 small college polls champ.

Montana State was 8-2 for the regular season, losing only to North Dakota State and Tulsa University. The Bobcats finished third in the small college polls.

Northwest Missouri State Visits Aztecs in 1966 Basketball Opener

A veteran lineup is expected to take the court Friday when San Diego opens its 1966 basketball season against visiting Northwest Missouri State at Peterson Gym.

All-Coast center Al Skalecky will return to the pivot spot for Coach George Ziegenfuss' Aztecs. The 6-7 junior from Helix High topped last season's squad in nearly every department including field goals (172), free throws (104), rebounds (356), total points (448) and per-game average (17.2). His rebound total is a new school mark.

Skalecky will be aided in the front court by a pair of last season's teammates, forwards Bob Clem, 6-2, and Dave Miller, 6-4. Both were instrumental in leading the Aztecs to a 14-12 record and a tie for second in the California Collegiate Athletic Association.

Clem averaged 8.3 points a game and Miller, 12.6 points. Bob Lundgren, 6-6, 215-pound transfer from Grossmont College, will alternate with Clem and Miller.

McCoys Returns

The guard spots will be handled by veterans Gary McCoey, 5-9, and Rick Eveleth, 6-4. McCoey sat out last season after starting for the Aztecs the prior year while Eveleth played both forward and guard on last season's team. He averaged 10.2 points a game and grabbed off 216 rebounds.

Rip Barrett, a 6-0 starter from last year's squad, was expected to make a strong bid for a guard position but suffered a broken bone in his foot during practice and will be sidelined until January.

Two other guards who will be seeing much action are returnee Dave Olmsted, 6-2, and newcomer John O'Brien, 6-3.

Other team members include center Dick Boogaard, 6-6; forwards Bob Powell, 6-3; Bill Brown, 6-3; and Dave Lorenz, 6-1; and guards Bill Ennis, 5-11; and Tim Owens, 6-0.

The Aztecs will be making a trip to the Midwest where they will play Southwest Missouri State, Dec. 17; Tulsa, Dec. 19; and Wichita State, Dec. 20.

McCartney Shares Honors

Max McCartney, head football coach at Monte Vista High School in Spring Valley, was named Co-Coach of the Year along with Helix High's Warren Vinton today by the Grossmont District League.

The Monarchs' headman guided the Spring Valley eleven to a 4-4 record this season, the best record in the school's history. Vinton's Helix eleven captured the Grossmont League title with a perfect 8-0 season mark and will be playing Point Loma High Friday night at 8 in Balboa Stadium for the San Diego CIF Large Schools championship.

McCartney, 29, is in his eighth year of coaching. He has been at Monte Vista since 1964, compiling an 0-8 mark in his first year, 1-7 in 1965 and 4-4 this campaign. Like Monte Vista's first-grid coach (Doug Gorrie, 1961-63) McCartney has been faced with the problem of an enrollment much smaller than other district schools.

Growing Up

However, the Monarchs grew up in enrollment this year and also on the football field as the former Whittier College tailback coached them to four straight wins at the end of the season.

He played high school football at Lynwood High in Lynwood, Calif., and college ball at Whittier. Two of his college mentors were George Allen, now head coach of the Los Angeles Rams, and San Diego State College head coach Don Coryell.

McCartney graduated with a B.A. in physical education in 1959 and took over the Whittier freshman team, compiling a 15-4 mark. He stayed there for three years before becoming backfield coach at San Diego State from 1962 to 1963. The Aztecs were 16-2 during that time.

He has a M.A. in physical education from Whittier. McCartney and his wife, Willa, have three children: Gregory, 7; Michelle, 6; and Christopher, 3. They live at 8716 Orville St., Spring Valley.

Over 80,000 persons were treated by local mental health programs in 1965-66. Local programs got their boost in 1957 when the Legislature passed the Short-Doyle Act for community mental health services.

Monte Vista's Monarchs captured their fourth San Diego Section, California Intercollegiate Federation cross country title Nov. 23 at Southwestern College.

Coach Bob Larsen's Monarchs, paced by the one-two finish of Don Olsen and Rodney Stephens, outdistanced second place Point Loma, 19-84, to win the large schools championship for the second straight year. Monte Vista won the CIF small schools title in 1963 and 1964.

Olsen ran the course in 10:18.8 with Stephens next at 10:29. Thornton Bigley of Claremont was third at 10:31 and Castle Park's Rubin Romero fourth at 10:33.

In fifth place was Monte Vista's Dan Unglicht at 10:36. Sixth and seventh places went to Monarchs Dave Matheny (10:38) and Dave Carter (10:45).

Mark Clark (10:51) was ninth for the Monte Vistans and Brent Wilson rounded out the teams' individual finishers at 11:02, good for a 14th place.

This was Monte Vista High's 36th consecutive victory in cross country competition.

In the small schools El Cajon High's Armando Valencia led his club to victory with a clocking of 10:03.2.

Second place finisher in the individual running was Frank Enriquez of San Diego.

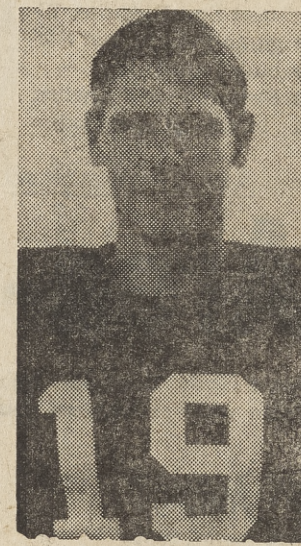

Tom Davidson of El Cajon was second followed by team-

Three Monarchs, One Matador Make All League Team

Three players from Monte Vista High and one from Mount Miguel High were named Wednesday by the Briethard Athletic Foundation to the 1966 All-Grossmont League offensive and defensive teams.

End Rick Aylward and tackle John Daley of Monte Vista and halfback Frank Gilbert of Mount Miguel were picked for the first offensive team while Monarch center John Mustol earned defensive honors.

Aylward, 5-10, 155-pound senior, was part of a potent air game that carried the Monarchs to four straight wins after four defeats in the early part of the season.

Daley, a 6-2, 210-pound senior tackle, and Mustol, a 6-0, 195-pound senior lineman, were both instrumental in shoring up the Monarch forward walls.

Gilbert, a 5-9, 155-pound senior speedster, finished second in the league in scoring as he led Mount Miguel's ground forces.

Other players named to the offensive team were end Lucky Fleming of Grossmont, tackle Chris Funke of Grossmont, guard Keith Grote of Helix, guard Tom Julian of Grossmont, center John Vick of Helix, quarterback Brian Sipe of Grossmont, halfback Mark Brown of Helix and fullback George Brown of Granite Hills.

The defensive team consisted of ends John Young of Helix and Craig Woods of Grossmont, tackles Richard Eckert of El Capitan and Doug Grogan of Grossmont, guards John Weir and Oscar Gibson of Helix, center Mustol, and Tom Wenbourne, Lee Stalker.

Helix Tries for CIF Title Tonight

Helix High School's Highlander football team will carry the Grossmont League banner into the San Diego CIF Large Schools championship game Friday night against City power Point Loma.

Kickoff will be at 8 p.m. in Balboa Stadium.

The Highlanders, Grossmont League champions, will try to become the first team from that loop to nab the title of the County's finest prep grid team.

Helix advanced to the finals by ripping Metropolitan League champ Chula Vista, 46-7, last Friday night in Aztec Bowl. It was the largest score piled up by one team in the history of the playoffs.

Point Loma earned its right to advance to the championship contest by stopping Avocado League power Oceanside, 25-6, in the same stadium where the finals will be played Friday night. The Pointers won the Western League title this year and then toppled Morse of the Eastern loop, 21-14, in an elimination contest.

Helix boasts a balanced offense with quarterback Rick Edwards throwing to ends John Young and Mike Mallow and Mark Brown and Tom Gibson carrying the ball overland.

Point Loma does little throwing, preferring to stick to the ground. Rugged fullback John Cervinsky and tailbacks Joe Radovick and Tom Rosenthal carry the mail for the Point Lomans.

The Pointers main forte is their defense, which held four opponents scoreless this year.

Large schools: Monte Vista 19, Point Loma 84, Kearny 111, Claremont 112, Morse 120, San Diego 140, Helix 142 and Crawford 163.

Small schools: El Cajon 23, Hilltop 53, Vista 119, Granite Hills 120, Mar Vista 130, El Capitan 135, Chula Vista 141 and Sweetwater 170.

Matadors Top 70 In Two Contests

Hilltop of the Metro League will visit Mount Miguel Friday for an 8 p.m. non-league contest in the Matador gymnasium.

The Matadors, winners of two in a row, will be taking on a Hilltop five that gave tough San Diego High a battle before going down to defeat, 67-61, in the first game of the year.

Miguel added its second win Tuesday by clobbering Castle Park, 74-50, at home.

Mike Ela, Tim McCarthy, Dave Stewart and Oscar Chavez all hit in double figures to pace the win. Ela scored 15 while the other three each scored 12.

Mount Miguel led 33-16 at halftime.

The first win of the season came Nov. 23 when coach Dick Ridgway's Matadors romped past San Dieguito, 76-41, on the Matador court. In that game Chavez and Stewart each scored 15 to top their club in scoring.

The Matadors will play again Saturday night when they take on Crawford's Colts in the St. Augustine High gym.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

A word that looks the same in English and in Spanish is "regular." The meaning is the same in both languages but the pronunciation is quite different. In Spanish "regular" is pronounced "reh-goo-LAHR."

"Regular" in Spanish may be used to mean "so-so" in English. Should someone ask "Como esta usted?" (How are you?), a response of "Regular" would mean in English, "so-so." Grammatically speaking this expression would not win any literature prizes, but it is in good practical use.

The expression "por lo regular" (as a rule) demonstrates another common use of the word "regular." One may say "por lo regular, si" (as a rule, yes) or "Por lo regular, no" (As a rule, no.)

Another variation of the word "regular" is "regularidad." One may say "Regularidad es importante." (Regularity is important.) Also, "Yo leo con regularidad." (I read with regularity.)

The following expressions will be helpful for practice. Read them over and pronounce them by referring to the related phonetic guide. Then test your pronunciation by dialing 276-2762 on your telephone where you may practice saying them with the two minute recorded Spanish voice.

Important Expressions: Say "Como esta usted?" KOH-moh eh-STAH oo-STEHR) for "How are you?" Say "Regular." (reh-goo-LAHR) for "So-so."

Household Expressions: Say "Esta en casa?" (eh-STAH eh KAH-sah) for "Is (it) at home?" Say "Por lo regular, si" (pohr lo reh-goo-LAHR SEE) for "As a rule, yes."

Other Expressions: Say "Regularidad es im-

portante." (reh-goo-lahr-tee-DAHD eh eem-pohr-TAHN-teh) for "Regularity is important." Say "Todo el tiempo." (TOH-thoh ehl tee-EHM-poh) for "All the time."

Salvation Army Needs Furniture

An emergency call for contributions of furniture was issued yesterday by Maj. James L. Ellis, manager of the Salvation Army Men's Rehabilitation Center in San Diego.

"For no apparent reason," Major Ellis said, "the volume of furniture given to us has dwindled to a trickle, and this is catastrophic because the reconditioning of furniture forms a major part of our self-help therapy program."

Ellis explained the center offers a residential rehabilitation program for men with psychological and personality disorders.

The institution is financed by the proceeds of the sale— in Salvation Army Thrift Stores throughout the county—of contributions of useable household and business house discards including furniture, appliances, clothing, crockery, kitchen utensils, and the like.

All such materials are readied for sale by men undergoing treatment in the center, Ellis said. Trucks for pickup of salvage materials may be called at 239-2301.

The Dimmer View

(Continued)

To a Courageous Citizen

"The only thing necessary for the triumph of evil is for good men to do nothing" Edmund Burke
"Let the hoodlum, the rapist, the demagogue, and the exponent of anarchy know that the great, quiet power of this nation lies in her law abiding citizens, and they will stomach no more. The choice is ours. The time is now" J. Edgar Hoover.

There is a constant repetition of the phrases "public apathy" and the "criminality" in the press today and the subsequent question generally being editorialized is, "What has happened to the moral fiber of our people?"

We won't lose any sleep about that answer, but we wonder what will happen among us in a great civil emergency. Will the few wild-eyed radicals actually arm themselves in our midst? and what about the subversive, the traitor, and racist?

On October the thirtieth an ordinary guy did a very ordinary thing right in our community that makes us sleep a little sounder at night, feeling that the moral fiber of our people is not so tattered, after all.

Shortly after noon he was driving south on Palm St. with his family and saw a man draw a pistol and point the pistol at a deputy sheriff standing near a patrol car. The officer was Deputy James Moulton who was the regularly assigned Lemon Grove Patrol Deputy for that day. The man drove his family to a nearby service station, let them out with instructions to call the police, and then returned to the scene. Without regard for his personal safety he attempted to assist the officer. In the meantime, Moulton had shot one suspect and subdued another armed suspect.

But isn't it refreshing to know that some very ordinary people will react with intelligence and daring in a critical situation?

So we take this opportunity to commend Joseph Manno of 715 Seagirt St., San Diego for his part in the action described above. He has, as much as anyone, reaffirmed our belief that bravery and intelligence will be evident when the call comes.

Smut Would Have Been Funny

Proposition no. 16, the anti-pornography initiative, would have produced some amusing results if it had passed Nov. 8.

Many supporters of the Proposition were so carried away that rationale had long since been lost.

For that reason, this publication had taken steps to be among the first to utilize the new law if it had passed.

Steps had already been taken to charge Assemblyman Richard Barnes with possession of pornographic material.

Witnesses had been aligned who had heard his representative state publicly that Capt. Barnes possessed many publications that were pornographic. These, presumably, were used in evidence that such material abounds. But he would have been guilty under the new law.

A local minister who had also announced publicly that he possessed many samples of the filthy stuff was slated to become entangled under the provisions of the new law although no one who knows him would suggest that he is of a prurient nature.

Yet, that is how silly the law would have been.

Under the law, if enacted, anyone could have demanded that another person be charged with pornography. The officer would ask the district attorney to prosecute against the accused. If the district attorney failed to take immediate action against the accused, the accuser could have the district attorney arrested.

That led Art Hoppe, the noted newspaper wit who writes a syndicated column at the San Francisco Chronicle, to make a wry observation. Talking to a convention of Association Press Managing Editors a few days ago at Hotel del Coronado, Hoppe said he wasn't as concerned about the anti-smut law as it related to editors and publishers as much as he was as it related to motorists.

"How can they get all of that on a bumper sticker?" he asked.

"Support Your Local Police! — Arrest the District Attorney."

Grossmont College Drops Computer Programming

Grossmont College, in an effort to simplify the registration process and provide time to analyze computer programming of students, is returning to manual programming and scheduling for the 1967 Spring semester.

In order to streamline the programming and registration procedures, a priority system, based on completed units of course work, has been established for each continuing day and evening student. Priority cards listing the date for obtaining clearance from the Records Office for admission and making a programming appointment, have been mailed to these students.

Continuing students who have obtained clearance for admission and made a programming appointment with their counselor will have a wider choice in selection of courses, times of courses, and instructors.

New and returning students should apply immediately for either admission or readmission. New students who do not plan on taking courses, totaling more than seven units, in areas other than English or mathematics, will be admitted to Grossmont College without taking a placement examination. However, these students must submit an application and have an official transcript of their previous high school and college experience.

Jr. Class Parents At Helix to Meet

All parents of eleventh grade students at Helix High School are invited to attend a meeting in the school cafeteria tonight at 7:30 p.m.

Mrs. C. M. Limpic, junior class representative, is presenting the program. Leonard Busch and Robert Carlton, junior class counselors, will present college information on entrance requirements, college selection, military obligation, requirements for graduation, and will also report on recent testing.

There will be an opportunity for discussion and questions following the presentation.

*YOUR DOLLARS

*****andrew baldwin*****

Each year about two million Californians — plus a half dozen cats and dogs — play Santa Claus to themselves well before Christmas. These are the members of "Christmas Clubs" now in effect in many California banks and savings institutions.

Throughout this month these members are receiving many millions in checks.

It is, of course, money they have put in painstakingly every other week during the last year and so they are in effect paying themselves back. It is hardly a gift, but it is a handy source of year-end funds to purchase gifts and pay other non-holiday expenses, such as annual insurance premiums which somehow always seem to coincide with the Yule season.

The plan is simple. Anyone who joins a Christmas savings club signs an agreement to make regular deposits for a total of 50 weeks. The amount is up to the saver, but generally is required to be deposited in specified amount.

The club year comes to an end in November when the savings checks are mailed out. There is, of course, nothing to prevent a person from redepositing a part or all of his savings into next year's account or a savings account and the accumulation process begins all over again.

All or Nothing

As a rule, the money put into a club account can be withdrawn at any time, which defeats its purpose. Partial withdrawals before the expiration of the 50 weeks generally are not allowed. It is either leave it all in or take it all out.

Often employees in a company join a club together. One member is delegated to take the weekly payments and coupon books and make the deposits for the group.

Why do people join Christmas clubs? It is estimated that about half do so each year "because it gives me money for Christmas gifts just when I need it most." These people usually emphasize the fact that they would not have saved money otherwise.

Other reasons are: the ease of putting aside a small sum each week; a convenient method of saving for taxes and insurance; and the freedom from worrying about unpaid bills after holiday and spending ends.

Of the dollar total, about 40 per cent will be priming the economy for Christmas purchases, and roughly six per cent will be used to pay year-end bills. About 30 per cent will go into saving and investments, and about 13 per cent to pay local and federal taxes. The rest goes into miscellaneous outlays.

Operate at Loss

This has been the usual pattern for years save for World War II when a lot of funds were used to purchase War Bonds.

As opposed to their Eastern counterparts most California banks and savings institutions pay interest on the accounts, although most accounts are operated at a loss.

It is also estimated that about 25 per cent of the people participating in these programs are 25 years old or younger and fully half of all participants are less than 35 years of age.

There are no statistics available on where the savings of dogs and cats go each year. But at least one dog earned his weekly deposit by "singing for pennies" — the year-end check was earmarked for a new tooth he lost in a collision with a car.
